NEWS RELEASE

Murphy Company Adds Gajewski as Energy Engineer

ST. LOUIS – David Gajewski, CEM, has joined Murphy Company as an energy engineer.

As an energy engineer, Gajewski helps evaluate energy efficiency. He performs preliminary and detailed project MEP audits and budgeting and generates recommendations on MEP system modifications.

Before joining Murphy, Gajewski was involved in major projects involving HVAC, lighting and controls for Cameron University, Choctaw County School District, Depue School District, Geary Public Schools, Hendrix College, Morgan County R-1 School District and the Rawlins County Health Center.

Gajewski holds a bachelor's degree from Ohio State in industrial and systems engineering. He also is an individual member of the Association of Energy Engineers and is a Certified Energy Manager.

Murphy Company delivers mechanical solutions to the industrial, commercial, institutional and heavy industrial markets. With corporate offices in St. Louis and Denver, Colo., and regional offices in Fairview Heights, Ill., and Colorado Springs, Colo., the firm offers process piping, HVAC, refrigeration, plumbing, design-build, piping fabrication, energy solutions and 24-hour service. Murphy currently is ranked No. 13 on Engineering News-Record's list of top mechanical contractors in the United States. Founded in 1907, the firm employs more than 1,000 people nationwide.
