Gillett Joins Murphy Company's Denver Office as Service Manager

DENVER – Murphy Company's Denver office welcomes Paul Gillett as its Service Manager.

In this role, Gillett will oversee all aspects of the [service department](#), from emergency service requests to routine and preventative maintenance. Murphy's Denver service team of highly skilled technicians utilizes more than 20 service vehicles for around-the-clock service throughout the Denver metropolitan area, seven days a week for work on commercial and industrial HVAC, plumbing, chiller and boiler systems.

Gillett is a member of the International Facility Management Association's Denver Chapter and a graduate of Colorado College in Colorado Springs, Colo. He also has taken numerous mechanical and construction management-related courses, including technical chiller and building automation classes.

Murphy Company delivers mechanical solutions to the industrial, commercial, institutional and heavy industrial markets. With corporate offices in Denver and St. Louis and regional offices in Colorado Springs, Colo., and Fairview Heights, Ill., the firm offers process piping, HVAC, refrigeration, plumbing, design-build, piping fabrication, energy solutions and 24-hour service. Murphy currently is ranked No. 13 on Engineering News-Record's list of top mechanical contractors in the United States. Founded in 1907, the firm employs more than 1,000 people nationwide.
