Murphy Company Wins National SMACNA Safety Award

Mechanical contractor takes second place for more than 500,000 man-hours worked

ST. LOUIS – Murphy Company has received a second place award for safety from the Sheet Metal and Air Conditioning Contractors' National Association for more than 500,000 man-hours worked in 2008.

Murphy Company was singled out for one of SMACNA's highest forms of recognition for safety and health program success. More than 300 contractors participated in this year's award program.

Murphy Company employs more than 1,000 people nationwide, with corporate offices in St. Louis and Denver and regional offices in Fairview Heights, Ill., Colorado Springs, Colo., and Boulder, Colo.

"This award reflects Murphy Company's commitment to addressing injuries and incidents in the workplace," noted 2009 SMACNA President John Ilten. "This award highlights this company's dedication to achieving even greater levels of safety and health."

The SMACNA Safety Excellence Award Program is the annual program that allows SMACNA to track the safety history of the industry and recognize members for outstanding safety performance. SMACNA members who participated in the 2009 SSEAP represent more than 80 million man-hours worked in 2008.

SMACNA, an international trade association representing 4,500 contributing contractor firms, is dedicated to promoting quality and excellence in the sheet metal and air conditioning industry. SMACNA has national offices in Chantilly, Va., outside of Washington, D.C., as well as on Capitol Hill.

Murphy Company delivers mechanical solutions to the industrial, commercial, institutional and heavy industrial markets. With corporate offices in St. Louis and Denver, Colo., and regional offices in Fairview Heights, Ill., and Colorado Springs, Colo., the firm offers process piping, HVAC, refrigeration, plumbing, design-build, piping fabrication, energy solutions and 24-hour service. Murphy currently is ranked No. 13 on Engineering News-Record's list of top mechanical contractors in the United States. Founded in 1907, the firm employs more than 1,000 people nationwide.
